## Introduction

This workshop manual has been compiled to assist Service Personnel responsible for the maintenance and overhaul of Rolls-Royce Silver Shadow II, Silver Wraith II, Bentley T2, Corniche and Camargue motor cars built from car serial number 30 001.

Information relating to any subsequent modifications will be circulated by the issue of either amended pages or service bulletins.

At the beginning of each chapter is an issue record sheet showing the issue of sections and amended pages. When a section or amended page is issued it will be recorded together with the date of issue. This will provide an up-to-date record of sections and pages.

Service Personnel at Rolls-Royce Motors Limited are always prepared to answer queries or give advice on individual servicing problems. When making an enquiry it is essential that the full car serial number is quoted.

**All communications should be addressed to one of the following depending upon the car's domicile.**

**Rolls-Royce Motors Limited**

Crewe, Cheshire CW1 3PL, England  
Telephone: 0270 55155  
Telex: 36121  
Telegraphic Address: Roycru, Crewe

**Rolls-Royce Motors International SA**

39 Boulevard de Grancy,
